Wouldn't you like to have a group like this on your farm? These heifers may be seen at Millgate Farms, Wadsworth, Illinois, regular consignor to this sale.

—You Can Buy With Perfect Confidence at Abingdon—

What is “The Sale of Satisfied Buyers”?

Is It An Empty Name?

The name “The Sale of Satisfied Buyers” has been earned over a period of thirteen years. Forty-four auctions and \$760,000 worth of profitable, dependable Shorthorns defends its reputation. This enviable record has inspired confidence on the part of the buyers and sellers. We feel that the cattle to be offered on March 17th will add further prestige to the name. Again we repeat, “You can buy with confidence at Abingdon.”

Here's What All this Means To You . . .

1. It means that this group of consignors, proud of the record that has been achieved, will consign only the kind of cattle that will further strengthen the reputation of this sale.
2. It means that our policy of offering cattle in thrifty moderate flesh, rather than the “over-pampered” kind, has proved a success.
3. It means that hundreds of different buyers have displayed their confidence by patronizing this sale and that many good herds have been founded in their entirety through Abingdon purchases.
4. It means that we have offered the kind of cattle buyers have wanted at exactly the right time they wanted them.
5. It means that healthy, profitable cattle have and will continue to be offered, and that the management and consignors have been fair in their treatment of buyers.

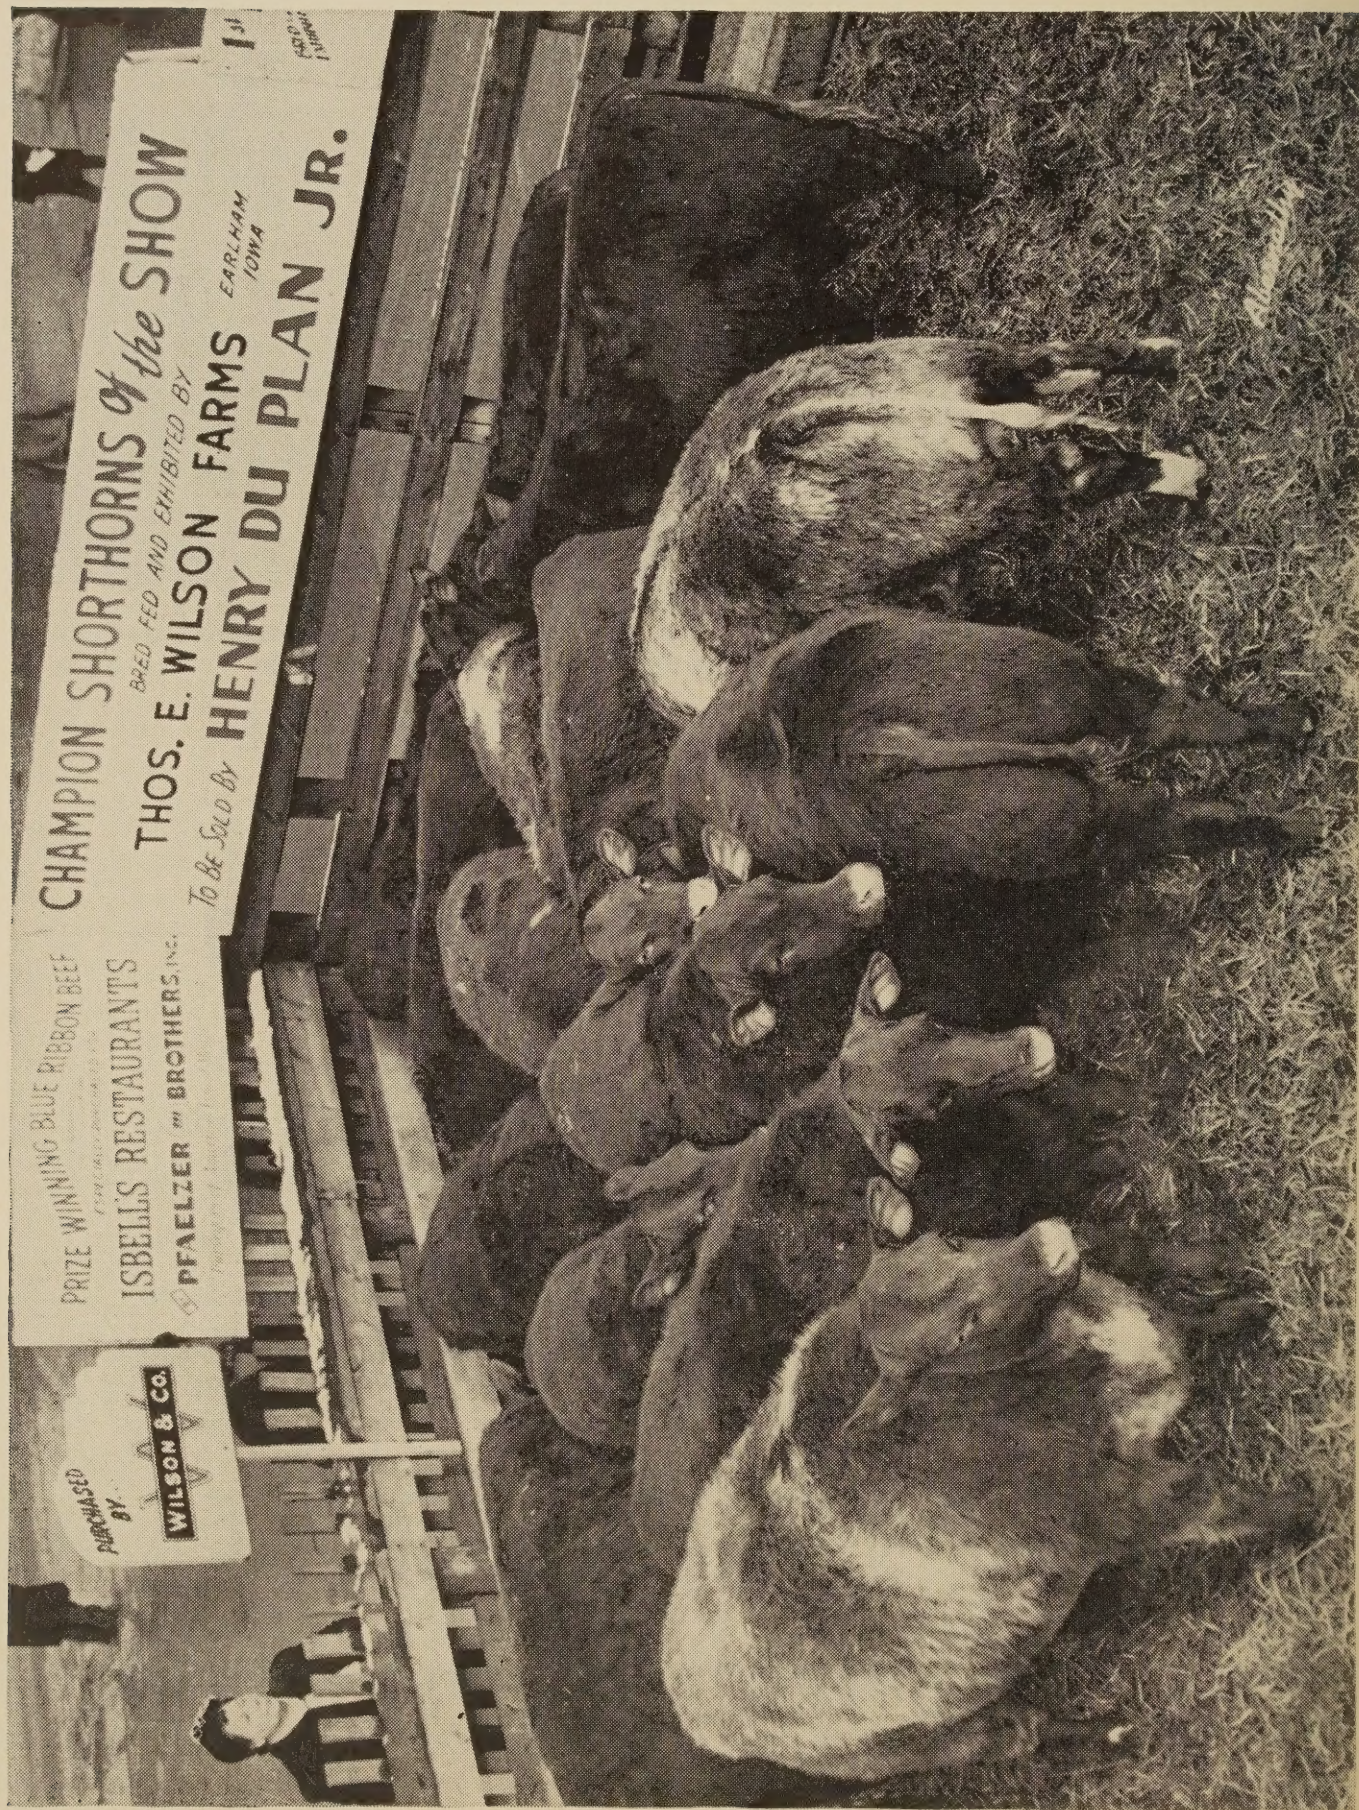

—Cattle Correct For Your Needs ... Prices Correct For Your Purse—

These attractive matrons are knee deep in the good pasture at Shore Acres Farm, regular consignors to this sale. Make your own farming operation more profitable by having cattle like these in your pasture.

Inside This Catalog

You will find the key to more pleasure and profit in your farming operations. All of the cattle in this sale come from reliable, dependable herds and although they are not offered in high flesh, no better bloodlines can be obtained in any sale. For cattle correct for your needs at prices correct for your purse be sure to attend the big spring Abingdon sale.

First prize medium weight carlot of Shorthorns at the 1949 International. Exhibited by Wilson Farms of Earlham and Nevada, Iowa, owned by Thos. E. Wilson. They were sold to Pfaelzer Brothers for Isbell Restaurants, Chicago, at \$48.25 a hundred weight. They averaged 1083 pounds and brought \$522 a head. They were sired by Edellyn and Heltred bred bulls and were out of purebred females purchased in former Abington Sales.

The Champions . . .

**Produced from females purchased
in "The Sale of Satisfied Buyers."**

The whole world loves good beef! Yes, there's hardly a person in the whole wide world who doesn't love a good steak, a good roast or even hamburger. It's a product they all like all the time, not just part of the time . . . and the better the beef, the better they like it.

Why don't **you** produce good beef on **your** farm? It should be evident to all now that the substantial farm incomes of the future will be made by those who convert their grains, grass and roughages into other products. Of the various enterprises the farmer can choose, the beef cattle industry offers the brightest future of all!

Study carefully the picture on the opposite page. These steers were good enough to win championship in the Shorthorn fat carlot division at the 1949 International Live Stock Show. They were not produced on the range. They did not make the long trip to a Corn Belt feedlot with the losses and setbacks that nearly always result from such a trip. They were produced on an Iowa farm. They were developed to feeding age on grass and forage that would otherwise have gone to waste and their mothers were maintained at low cost on the same rations. When these steers went into the feedlot, they were ready to make the fastest and most economical gains. Why? Because they were well bred and because they were Shorthorns.

Those who are interested in the Abingdon Sale are very proud of these steers because they were all out of Scotch Shorthorn females purchased in the "Sale of Satisfied Buyers" or out of daughters of the original females purchased in this sale. The steer production and feeding program followed at the Thos. E. Wilson Farms in Iowa that resulted in this champion Shorthorn carload can be followed just as profitably on **YOUR** farm . . . and the income of \$522 per head can just as well be **YOURS**.

There are 43 females in this sale capable of producing champions and 38 bulls capable of siring them.

There Are No Pampered Cattle in "The Sale of Satisfied Buyers"

None of the cattle in this sale have been pampered and none are offered in high flesh. If you are blessed with the ability to judge a good individual and a profitable producer in every day working clothes, here is the place for you to buy. Remember . . . this sale is packed with good bulls, cows that have calves at foot and females that will calve soon after sale date. And remember also . . . more than 1,000 different buyers have patronized the Abingdon Sales to their utmost satisfaction. That's the reason this sale has become known everywhere as "THE SALE OF SATISFIED BUYERS."

Thirty-Eight Bulls

Outstanding, ready for service bulls . . . bulls for the finest pure-bred herds . . . bulls for commercial men who want to top the market. And, a wide selection of junior herd bull prospects . . . the kind that every good breeder should be bringing along.

Remember . . . you can buy a new bull in this sale for very little more than your old bull will bring on the open market.

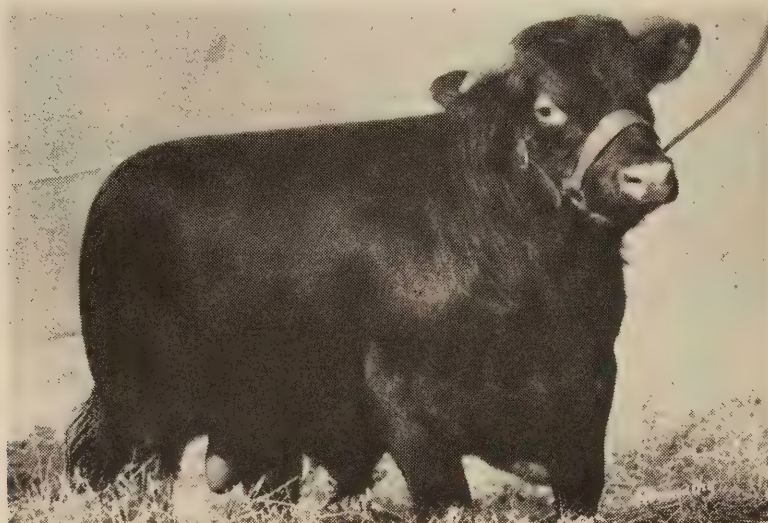

You Can't Borrow Money On Grass and Roughage

***But You Can Turn It Into Money By Feeding It To Good Livestock
. . . Now Is The Time To Found Or Strengthen Your Shorthorn
Herd . . . Abingdon Is The Place To Do It.***

During the war and immediately following, we passed through an unusual economic period. It was possible in those times for the average farmer to make a substantial income by merely raising grain and selling it at the elevator. Many completely neglected their grass and roughage program.

It should be evident to all now, that those days are at an end. Substantial farm incomes in the future will be made by those who convert their grains, grass, and roughages into other products. Of the various enterprises which the farmer can choose, the beef cattle industry offers the brightest future of all. While our human population has been climbing at the rate of nearly two million a year, our beef cattle population continues to decline. Furthermore, unlike the hog industry, beef cattle population cannot change substantially in a short time. This means that beef will remain high in relative value.

Start now on a program to convert your farm roughages into dollars. Shorthorns have proved themselves the world's best in this respect. The cows give plenty of milk to raise a healthy calf, and the Shorthorn gives you that added weight for age. Never has there been a better opportunity to start than in this "Sale of Satisfied Buyers."

Browndale Rosewood 8th A—It is not our policy to part with the good breeding females in our herd. However, we want to show Abingdon buyers that Marellbar Mandate 2d is not only a sire of outstanding herd bull prospects, but is equally good as a sire of young females. This 4-year-old cow sells with a beautiful dark roan heifer calf at foot dropped August 4, 1949. She was rebred in pasture to Marellbar Mandate 2d. This cow as well as her heifer calf is calfhood vaccinated.

The "Sale of Satisfied Buyers" kind. Well bred cattle, outstanding individuality, offered in strictly breeding condition. The kind that you want in exactly the condition you want them. Cows with calves at foot, heifers in calf to famous sires, and a beautiful string of open heifers.

At nearly every Abingdon sale someone from a distance fills out a carload. So that there will be a selection worthy of traveling such a distance, the management of this sale has followed the policy of making this one of the breed's largest offerings. If you've never been to an Abingdon sale, you owe it to yourself to attend. Remember . . . many entire herds, top herds, have been founded solely on purchases at "The Sale of Satisfied Buyers."

TERMS, CONDITIONS, GUARANTEE

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, are safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
